It is said that this mammoth corporation is trying to put the Louisville and Cincinnati houses out of business. Let the good work go on, so long as it brings good prices to our tobacco growers.

—In Scott, C. H. Garth bought of Mr. Lon Atkins his farm of 60 acres at \$125 per acre, cash. This place adjoins the Garth farm. S. S. Moore sold to Mr. John Crenshaw 56 acres of land on the old Oxford pike, ¼ miles from Georges town, at \$65 per acre. Mr. Moore bought the place at public sale in January from the estate of Miss Mary Allen, paying \$60 per acre for it.

—Courtland Leer sold to M. L. Hight, Vienna, Ill., his noted jack, Napoleon, for \$1,500. Mr. Hight also bought two jennets and a jack colt for \$300. Mr. Leer has a son of Napoleon who takes the place of this famous animal.

FREE RECLINING CHAIR CARS.

"The Henderson Route"—Always First. The traveling public will be pleased to learn of the latest innovation in the way of comfort in travel for its patrons which is now being offered by that most popular railroad, the "Henderson Route," which road has been rightly termed the "Kentucky's Official Route to the West and Southwest."

It has just been announced from the general office of the Louisville, Henderson & St. Louis Railway that they now have in service on their night trains between Louisville and St. Louis, Free Reclining Chair Cars, which have just been received from the shops and are a revelation in the car builder's art.

The cars are strictly up-to-date, first-class "palaces of travel" on wheels, and this is only one of the many surprises which are promised the public for the World's Fair travel by the Henderson Route.

Among other advantages offered in these highly finished cars, a few of the most important points only are mentioned:

They are solidly vestibuled and are furnished with sixty-four reclining chairs, which are upholstered in beautiful green plush, in addition to smoking and toilet rooms, the smoking rooms being finished through in leather. They are also fitted up with triple trucks, which feature will do away with the jerk, jar and strain incident to travel in the ordinary railway coach, and insures a smooth, comfortable ride. This should prove more than a popular feature in train service to the traveling public, and you can only suggest that in traveling you "get the Henderson Route" habit.

THRO' KENTUCKY.

Thro' the grand state of Kentucky,
Where the "Old Home" got its name
Where the fields are overflowing
With the yellow ripening grain.

Here tobacco plants are growing,
Tobacco plants—!—in with corn,
Just as sure as cactus—
as you are born.

Yes, they're large as good-sized cactus,
Larger in our home-like view,
At it's of a fine a grade as
Is that old "Kentucky Dew."

Here all people reap a harvest,
Money in bank from year to year,
All the green calamity howlers,
Lose their jobs when they land here.

Here the "dry" ways are the highways,
Built high and dry from rains and flood,
Here the "good roads delegation,"
Swear the roads are suit'n'ly good.

But of pikes and highways finest,
There's a "road" that suits my taste;
Tis the line of Solid Comfort,
And the trains let no time waste.

From Kentucky to St. Louis,
Operates this road of class,
Across the famous old "Green River"
On its roadbed smooth as glass.

Would you know the road I speak of?
Listen then to my advice,
For you'll need it in your business,
On your trip to Paradise.

In your travels to St. Louis—
Hurry! beat them under the wire,
"Get the Henderson Route" habit—
Tis a good one to acquire.

—[Jack "Henderson" Gallagher]

TACTICS OF RUSSIANS.

Attempting to Draw the Japs Into a Trap.

Are Busy Fortifying the Mouth of the Yalu River—Southern Manchuria Strikingly Full of Unusual and Active Life.

St. Petersburg, April 5.—As the time approaches for the opening of land operations on a large scale, the Russian authorities are exercising greater vigilance to prevent the news of their plans for the disposition of troops in the theater of war from going abroad. For ten days not a scrap of real information, except such as is contained in official dispatches, has been given out or has come from the front. There practically exists an embargo upon news dispatches.

Paris, April 6.—The St. Petersburg correspondent of the Echo de Paris says that the Russian general staff is convinced that the Russians will await a Japanese attack on the right bank of the Yalu. They are now busily engaged fortifying the mouth of the river. A remarkable bridge has been constructed on the prolongation of the Wiju line connecting it with Pin Hu Jan.

The correspondent says the Russians are seeking to draw on the Japanese only sending small troops across the river.

St. Petersburg, April 6.—A press correspondent at Port Arthur who returned to the fortress Monday from an inspection trip through Southern Manchuria, telegraphs that country is strikingly full of an unusual and active life, that the troops are vigorous and healthy and animated by a desire for active operations and that the entire native population, including that of the commercial world, is friendly to Russia and full of faith in the Russian arms. The correspondent says: "Russian money, which was shaky at the beginning of the war, is again firm."

"The Chinese volunteer militia formed there present a good appearance, wearing a special uniform with eagles bearing the Russian national flag. The natives provide provisions freely and are selling horses brought from the surrounding country. The mandarins are, except to this general rule, as they are cautious and are trying to carry water on both shoulders. As their conduct is passive it does the Russians no harm."

"The railroad holds out splendidly and works regularly, all the attaches of the road being imbued with the high importance of their task. Sentries are posted at the boundary and are doing duty in the neutral zone, dividing China and Manchuria. The weather is warm and the rivers are open. In Port Arthur all is quiet and the inhabitants have become accustomed to a state of war, though some of them are impatient that the enemy has been for so long a time invisible."

London, April 7.—The Daily Telegraph's Seoul correspondent says he learns from a Japanese sailor who participated in the attacks on Port Arthur that the Japanese fleet is divided into seven squadrons. Four of these are watching Port Arthur, the fifth patrols the Korean coast and the sixth and seventh cruise between Vladivostok and North Japan. Two torpedo boats were much damaged in the engagements, but otherwise the fleet was little injured. The damages to the Japanese cruisers Iwate and Yoshino have been repaired and the vessels have joined the fleet.

The Daily Telegraph's Wei Hai Wei correspondent, cabling under date of April 6, says Russian warships are patrolling the Gulf of Pe Chi Li, and that the London Times steamer was stopped and searched 30 miles outside of Port Arthur Tuesday.

Port Arthur, April 7.—The Russian battleship Peresviet reports that she sighted the enemy Wednesday in Kwan Tung waters. All is quiet here.

London, April 7.—The Times correspondent, who is cruising in the vicinity of Port Arthur, cabling concerning the hold-up of his vessel by a Russian warship, says it was the armored cruiser Bayan flying the flag of Vice Adm. Makaroff, which chased and later searched his steamer. He says the Bayan shows the scars of the damage recently inflicted upon her by the Japanese but that she is a fine ship and well handled.

THE SMOOT CASE.

Several Witnesses From Utah Have Been Summoned to Appear.

Washington, April 6.—The following witnesses have been summoned to appear before the committee on privileges and elections in the Smoot case, April 20:

The Canal Commissioners.

Panama, April 7.—The members of the United States canal commission received an enthusiastic welcome on their arrival here from Colon Wednesday. They were met at the railroad station by a number of special representatives.

Large Fleet of Transports Off Hai Ju. Seoul, Korea, April 7.—An American missionary who has just returned from Northern Korea reports having seen a Japanese fleet of 40 transports, some of which were very large, off Hai Ju, 50 miles north of Chemulpo.

A RIOT IN CHICAGO.

Union Strikers Make An Attack on Non-Union Workmen.

Chicago, April 6.—Although it was announced Monday night that the strike at the American Can Co.'s plant in this city had been settled, the rioting around the place was fiercer Tuesday than ever, and one man, John Nichols, lost his life.

The fighting began early in the morning when 300 Greeks who have been employed during the strike, attempted to come to the factory. They were met at the gates by union pickets, who attacked them with stones and clubs.

A large detachment tried to maintain order but only with moderate success. A shot, fired from the crowd, aroused the Greeks to fury. The Greeks, who had entered the factory, came pouring out armed with knives and revolvers, and attempted to attack the union men and their sympathizers, who were assaulting their countrymen at the gateway. The police, after a desperate struggle, managed to keep the two bodies of men apart and drove the Greeks into the factory and dispersed the crowd on the outside. In this fight a number of men were battered up, the most seriously hurt being William Rohrbach, who was struck on the head by a stone, and Antonio Soukasos, whose wrist was slashed by a knife.

At night when the 300 Greeks left the place they were attacked by a mob fully 1,000 strong that pelted them with stones, sticks and bottles. The police, however, escorted them to the train without anybody having been seriously injured, although quite a number of men on both sides were bruised.

After the Greeks had reached their train it is said somebody on the cars fired a shot, the bullet killing Nichols instantly.

ECHO OF THE RIOT.

Damage Suits For Sums Aggregating \$95,000 Filed at Clinton, Tenn.

Knoxville, Tenn., April 6.—Damage suits for sums aggregating \$95,000 were filed at Clinton, Tenn., Tuesday by the widows of the men killed in the riot at Coal Creek, Tenn., on Sunday, February 7, and also by two men shot at the same time. The suits are brought against the Coal Creek Coal Co., President E. C. Camp, personally, and Jud Reeder, guard and detective, who, it is charged, began the shooting. Widows of James Black, Jacob Sharp and W. W. Taylor sue for \$25,000 each and A. R. Watts, a merchant, who was shot, asks \$10,000 damages, and More Cox sues for the same sum. The suits are a sequel to the bloodshed when the guard of the Coal Creek Coal Co. fired on union miners.

THE IOWA MINERS.

They Have Called For a Second Conference With the Operators.

Des Moines, Ia., April 6.—John P. White, president of the Mine Workers, and Charles H. Morris, president of the Iowa Operators' association, have called a second conference for next Monday. The conference was asked for by the miners and it is taken to mean that the strikers will give in and the strike will be settled Monday. When President White, of the Mine Workers, asked President Morris, of the operators, for a conference, the latter replied that there was no use of a conference unless the miners would come to the terms of the operators. The fact that the mine workers agreed to a conference under these terms indicates a victory for the operators.

GEN. GRANT'S GRANDSON.

He Will Wed Mile. Germaine Cecile Noulffard in Paris.

Paris, April 6.—The civil ceremony of the marriage of Capt. Algernon Sartoris, grandson of the late Gen. Grant, to Mile. Germaine Cecile Noulffard, a niece of Charles Halle, the artist, director of the new gallery, London, will take place April 25, and the religious ceremony April 27 in the Church St. Honore D'Eylau. The witnesses for the bride will include Mr. Halle. The groom's witnesses will be the Marquis de Laigle and Maj. Bentley Mott, the United States military attaché. Among the bridesmaids will be Miss Lillie, an American girl who recently made her debut at the grand opera. The bride is a granddaughter of Sir John Halle, of England, whose estate joined the Sartoris estate.

War Vessels Sail For St. Louis.

Pensacola, Fla., April 6.—The gunboat Nashville and torpedo destroyer Lawrence sailed from Pensacola Tuesday afternoon for St. Louis to represent the navy at the World's fair. The vessels will reach New Orleans Wednesday.

Chicago, April 6.—The Chicago Business Women's club Tuesday went into the hands of an assignee, Frederick A. Hill. As soon as the affair of the club can be straightened out, it will be reorganized on a profit basis.

A Consolidation Effected.

New York, April 6.—A consolidation was effected Tuesday between the American Automobile association, comprising in its membership thirty or more leading automobile clubs of the country and the American Motor league, with 3,000 individual members.

Labor Union Tickets Elected.

Denver, Col., April 6.—Municipal elections were held in several of the towns of Colorado Tuesday. At Rockvale, Coal Creek and Williamsburg, coal mining camps, labor union tickets were successful.

Miss Hapgood tells how she was cured of Fallopian and Ovarian Inflammation—and escaped an awful operation by using Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PINKHAM:—I suffered for four years with what the doctors called Salpingitis (inflammation of the fallopian tubes) and ovaritis, which are most distressing and painful ailments, affecting all the surrounding parts, undermining the constitution, and sapping the life forces. If you had seen me a year ago, before I began taking Lydia E. Pinkham's Vegetable Compound, and had noticed the sunken eyes, sallow complexion, and general emaciated condition, and compared that person with me as I am today, robust, hearty and well, you would not wonder that I feel thankful to you and your wonderful medicine, which restored me to new life and health in five months, and saved me from an awful operation."—Miss IRENE HAPGOOD, 1022 Sandwich St., Windsor, Ont.

Ovaritis or inflammation of the ovaries or fallopian tubes which adjoin the uterus may result from sudden stopping of the monthly flow, from inflammation of the womb, and many other causes. The slightest indication of trouble with the ovaries, indicated by dull throbbing pain in the side, accompanied by heat and shooting pains, should claim your instant attention. It will not cure itself, and a hospital operation, with all its terrors, may easily result from neglect.

"DEAR MRS. PINKHAM:—I can truly say that you have saved my life, and I cannot express my gratitude to you in words."

"Before I wrote to you telling how I felt, I had doctored for over two years steady and spent lots of money in medicine besides, but it all failed to do me any good. My menses did not appear in that time, and I suffered much pain. I would daily have fainting spells, headache, backache and bearing down pain, and was so weak that it was hard for me to do my work."

"I used your medicine and treatment as directed, and after taking three bottles of Lydia E. Pinkham's Vegetable Compound, menses appeared, my womb troubles left me, and I have been regular ever since. I used fourteen bottles of Lydia E. Pinkham's Vegetable Compound and Blood Purifier together, and am now restored to perfect health. Had it not been for you, I would have been in my grave."

"Such unquestionable testimony proves the power of Lydia E. Pinkham's Vegetable Compound over diseases of women."

Women should remember that they are privileged to consult Mrs. Pinkham at Lynn, Mass., about their illness, entirely free.

World's Fair March, 1904.

Mr. John C. Weber, director of Weber's Military Band of Cincinnati, known as the "Price Band of America," has composed the St. Louis World's Fair March 1904, and dedicated it to the Louisiana Purchase Exposition. It will be distributed through the passenger department of the B. & O. S-W. R. R., World's Fair Route, at 10 cents per copy.

The music is in sheet form, arranged for the piano, being very handsomely gotten up, with highly illuminated title cover. Mr. John C. Weber is not only a great Musical Director, but he has written some very catchy and popular marches. The St. Louis World's Fair March is his latest success, and will add further to his fame.

Mr. Weber and his great organization of artists has twice defeated all comers in national contests at Elks' Reunions. The latest triumph was at Baltimore, Md., on the 21st of last July, when, in a notable contest, composed of the leading bands of America, won the first prize of \$1,000. It is confidently expected that Mr. Weber's World's Fair March will become a popular air during the next year, and every household should have a copy of this music.

Send 10 cents in silver to the undersigned and copy of the World's Fair March will be mailed to your address.

(18apr-tf) CLARKE & CO'S CONFIDENCE IN HYOMEI.

Not a Penny Need Be Paid Unless It Cures You of Catarrh.

"Use Hyomei and be cured of catarrh," say Clarke & Co. When a responsible business house like this comes out and advertises that Hyomei will not cost a penny unless it does all that is claimed for it, it shows what remarkable confidence they have in this scientific medical treatment.

A complete Hyomei outfit consists of a neat pocket inhaler, that can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomei, and costs but \$1.

The inhaler lasts a lifetime and when extra bottles of Hyomei are needed they can be obtained for 50c.

This treatment does away with all disagreeable and dangerous stomach dosing. Breathed through the Hyomei inhaler for a few minutes four times a day, it impregnates every particle of air taken into the air passages and lungs with germ-killing and health-giving balsams. In this way it cures the most chronic and deep-seated catarrhal diseases of the air passages and respiratory organs.

The user is the sole judge whether Hyomei is to be paid for or not. If it does not help, Clarke & Co. will cheerfully return the money and it will not cost a penny.

His four children have been down with the measles, and one of them has contracted pneumonia and not expected to live.

His remains were taken to Lexington yesterday morning, where the funeral services were held in the afternoon at the residence of his brother, Mr. Sam Meglone.

Ex-Bourbon In Japan.

Rev. T. W. Demaree, formerly of Millersburg, this county, who was sent to Japan about 15 years ago from the Methodist conference that was in session in this city, in writing to his brother, at Lexington, says:

"The patriotism and daring of the Japanese were never excelled. The letter relates an incident in one of the battles at Port Arthur. A shell exploded on the deck of the Japanese ship, Itakushima, and a fragment cut off the right arm of one of the gunners. With his left arm, the gunner continued to discharge his duty until one of the officers seeing his condition, ordered him to report to the medical staff for attention. The gunner saluted with his left hand, picked up his severed arm, and went away for treatment."

Boone's Drive a Success.

On yesterday afternoon, Prof. Ed. Boone gave an exhibition of mind reading that gives him the title of the mental marvel. A committee of four, W. A. Parker, Jr., Geo. Falconer, Carl Denton and Swift Champ, rode with him on his perilous drive, and were a little shaky at the finish. Two of the gentlemen went to J. T. Hinton's furniture store and picked up a roller from a table, while the other two went to Ed. Tucker's store and secured a hat pin. They then hid the articles in an uptown grocery and returned for Prof. Boone. He was blindfolded so it was impossible for him to see, and mounting the seat of the carriage drove rapidly to the place where the goods were in hiding and then back and delivered them to the owners. There was surely no fake about this drive. He would along the route call out what was ahead of him and would drive around the numerous dishes in the street with ease. He is certainly a wonder.

FIFTY-EIGHTH CONGRESS.

Regular Session.

Washington, April 5.—Senate—Al-
though the post office appropriation
bill was before the senate nearly the
entire day, the early debate on the
measure was in relation to general
land laws. Mr. Gibson (Mont.) denied
that the proponents of the bill for the
repeal of the desert land act and the
commutation clause of the home-
stead act were proceeding at the
instigation and in the interest of land
grant railroads. Considerable progress
was made with the post office appropria-
tion bill. Both provisions of the
bill relating to sites for post office
purposes in New York city as amend-
ed by the senate committee were
agreed to. Other important amend-
ments agreed to provide for the trans-
fer of the free delivery service from
the office of the fourth assistant post-
master general to the office of the
first assistant postmaster general, was
struck out, the age limit for cars
used in the railway mail service and
eliminated the restrictions placed on
first and second class postmasters in
the matter of telephone service.

House—An attempt to secure con-
sideration under the suspension of the
rules of the bill appropriating \$475,000
for the Lewis and Clark centennial ex-
position to be held in Portland, Ore.,
in 1905, failed after the house had di-
vided several times and the roll had
been called twice. The military acad-
emy appropriation bill was taken up
and after Mr. Parker, in charge of the
bill, had explained its features briefly,
Mr. Goldfogle (N. Y.) spoke in behalf
of the Jews of the United States, for
whom he asked equal treatment and
protection while traveling in Russia.
Mr. Livernash (Cal.) made an attack
on President Roosevelt, and Mr. Mor-
rell (Pa.) discussed the Negro ques-
tion.

Washington, April 6.—Senate—The
senate Tuesday listened to a two hour
speech by Mr. Morgan on the Panama
canal question and then again took up
the post office appropriation bill, but
adjourned without completing its con-
sideration. Some important amend-
ments, aside from those suggested by
the committee, were agreed to, among
them one increasing from 2 to 4 ounces
the size of franked letters and another
adding 25 members to the force of ru-
ral free delivery agents. Mr. Morgan's
speech was in special advocacy of his
resolution requesting information from
the attorney general concerning con-
cessions to the original Panama Canal
Co. and was in the main an arraignment
of the new Panama company.

House—The proceedings in the house
were enlivened by speeches by Mr. De
Armond and Mr. Grosvenor, the for-
mer attacking the republicans for fail-
ure to order an investigation into the
post office charges and to revise the
tariff and the latter vigorously defend-
ing the republican party and lauding
President Roosevelt for the part he
played in the postal investigation, the
passage of the Cuba reciprocity law
and the treaty with Panama for the
construction of an isthmian canal.

Earlier in the day Mr. Prince (Ill.), in
a vigorous speech, predicted friction
between the general staff of the army
and the secretary of war. The mili-
tary academy bill was passed without
amendment.

Washington, April 7.—Senate—After
waiting with much patience for many
days, Mr. Hepburn Wednesday found
opportunity to speak to the senate on
the subject of pure food. Technically
the speech was in support of a reso-
lution calling on the secretary of agri-
culture to send to the senate the re-
sults of the investigations made by his
department into adulterated foods, but
in reality it was in support of the pure
food bill. Mr. Hepburn contended
that a very large proportion of foods,
drugs and liquors were adulterated
and that many drugs were absolutely
poisonous. The greater part of the
remainder of the day was devoted to
Mr. Quarles' amendment for grad-
ing the salaries of rural free delivery
carriers. Finally it was declared out
of order.

House—In a five hour session, the
house passed 17 bills relating to the
District of Columbia, including one
incorporating the Carnegie institute.
It also passed the Bowman omnibus
claims bill, carrying approximately
\$228,000 for the payment of small
claims, agreed to the conference re-
port on the fortifications bill and in-
stead on its disagreement to an amend-
ment on that bill providing for the
purchase of a submarine boat. The
Alaska delegate bill was taken up, and
Mr. Cushman (Wash.) made a long
explanation of the measure, setting
out necessities of the territory in the
way of representation in congress.

Two Politicians Kill Each Other With
Revolvers.

Huntington, W. Va., April 7.—John
McFarland, chief of police of North
Fork, and J. B. Ballard, wealthiest
merchant in McDowell county, were
killed in the convention hall at North
Fork, the result of the fight between
Wm. M. O. Dawson, secretary of state,
and Col. Charles F. Teter, for the re-
publican nomination for governor.

A Permanent Commission.

Washington, April 6.—Senator Sim-
mons Tuesday introduced a bill to cre-
ate a permanent commission to in-
vestigate the several executive depart-
ments of the government. It provides
for a commission of five persons, not
more than three to be members of the
same political party, shall serve four
years each from the date of their ap-
pointments. The commission is to re-
port to each regular session of con-
gress.

Left For Old Point Comfort.

Washington, April 7.—Postmaster
General Payne left here Wednesday
night on the Norfolk boat for a period
of recuperation at Old Point Comfort,
Va. Though considerably better, than
he had been, he is far from being a
well man.

FOR JUDGE OF COURT OF APPEALS.

TO THE VOTERS OF THE FIFTH AP-
PELLATE COURT OF KENTUCKY—I am a
candidate for Judge of the Court of Ap-
peals from this District, subject to the
action of the Democratic party. As
Circuit Judge, it became my duty to try a
number of criminal cases, which have be-
come a part of the State's history and at
a most critical time. As Judge of the
State Fiscal Court, it fell to my lot to
construe the Statutes adopted, to put in
force the provisions of the new Constitu-
tion, as well as to construe the present
Constitution whenever a con-
troversy arose as to its proper construc-
tion. Almost innumerable cases have
burdened the dockets of my court, touch-
ing the rights of corporations and the ex-
ercise of franchise under law. How well
I have discharged my duties under such
trying circumstances, is left to you to de-
termine.

I will be very grateful to all who feel
they can assist me to secure the high po-
sition and office to which I aspire.

Very respectfully,
JAMES E. CANTRILL.

FOR CONGRESS.

We are authorized to announce W. P.
Kimball, of Fayette county, as a can-
didate for the Democratic nomination for
Congress from Seventh District, subject
to the action of the district convention to
be held in the city of Lexington on
Thursday, May 12, 1904.

I am a candidate for reelection to
Congress from this District, subject to
the action of the Democratic party. I
believe in getting as close to the peo-
ple as possible, and it was my desire
that a primary election be held to select
a Democratic nominee for Congress, so
that every Democrat could have the
privilege of going to his precinct voting
place and expressing his choice, but my
opponents desired mass conventions at
the county seat, and the committee so
ordered.

I am now serving my second term as
your Representative. I have endeav-
ored, to the best of my ability, honestly,
faithfully and conscientiously to do my
duty. It is my highest ambition to se-
cure legislation for the relief of the
farmers, who have been so grossly im-
posed upon by unjust laws, and I feel
that my experience has fitted me to ren-
der valuable service on this line, if I am
permitted to continue to represent my
District.

My official duties in Washington will
prevent me from making an active per-
sonal campaign in all the counties of the
district, therefore, I will have to rely on
my friends to take care of my interest,
which I have an abiding faith they will
do. Trusting my service as a member
of Congress meets with your approval,
and hoping my candidacy will receive
your valuable aid and support, I am
Very respectfully yours,

Land That a Poverty-Stricken Man Was Not Bad Enough Off to Want.

Bourke Cockran was condemning a certain popular novel, relates the New York Tribune.

"This novel," he said, "is as poor and barren as Elmo county land."

"Is Elmo county land very poor and barren?" asked one of Mr. Cockran's interlocutors.

"Is it?" said he. "Well, I should say it is. Once two strangers rode on horseback through Elmo county, and the barrenness of the land amazed them. Nothing but weeds and rocks everywhere. As they passed a farmhouse they saw an old man sitting in the garden, and they said: 'Poor, poor, poverty-stricken old fellow!'"

"The old man overheard them, and called out in a shrill voice:

"Gents, I ain't so poor an' poverty-stricken as ye think. I don't own none o' this land."

In the Spring.

Lawrence, Mo., April 4th. Mrs. H. C. Hart, of this place, says:

"For years I was in very bad health. Every spring I would get so low that I was unable to do my own work. I seemed to be worse in the spring than any other time of the year. I was very weak and miserable and had much pain in my back and head. I saw Dodd's Kidney Pills advertised last spring and began treatment of them and they have certainly done me more good than anything I have ever used."

"I was all right last spring and felt better than I have for over ten years. I am fifty years of age and am stronger to-day than I have been for many years and I give Dodd's Kidney Pills credit for the wonderful improvement."

The statement of Mrs. Hart is only one of a great many where Dodd's Kidney Pills have proven themselves to be the very best spring medicine. They are unsurpassed as a tonic and are the only medicine used in thousands of families.

Not Wasteful.

"I suppose," said the physician, after he had sounded the new patient, "that you exercise judgment in the matter of smoking? You do not indulge to foolish excess in it?"

"No, indeed," replied the inveterate individual. "I never smoke more than one cigar at a time."—Cincinnati Times-Star.

REACH THE SPOT.

To cure an aching back, The pains of rheumatism, The tired-out feelings, You must reach the spot—get at the cause.

In most cases 'tis the kidneys. Doan's Kidney Pills are for the kidneys.

Charles Bierbach, stone contractor, living at 2625 Chestnut St., Erie, Pa.,

says: "For two years I had kidney trouble and there was such a severe pain through my loins and limbs that I could not stoop or straighten up without great pain, had difficulty in getting about and was unable to rest at night, arising in the morning tired and worn out. The kidney secretions were irregular and deposited a heavy sediment. Doctors treated me for rheumatism but failed to help me. I lost all confidence in medicine and began to feel as if life were not worth living. Doan's Kidney Pills, however, relieved me so quickly and so thoroughly that I gladly made a statement to that effect for publication. This was in 1898, and during the six years which have elapsed I have never known Doan's Kidney Pills to fail. They cured my wife of a severe case of backache in the same thorough manner."

A FREE TRIAL of this great kidney medicine which cured Mr. Bierbach will be mailed on application to any part of the United States. Address Foster-McMillan Co., Buffalo, N. Y. For sale by all druggists at 50 cents per box.

THE BOAT CAPSIZED.

Five Members of a Pleasure Party Drowned.

Three Children, While Skating, Were Drowned in a Large Pond Near Their Home, Southwest of Tustin, Mich.

Tampa, Fla., April 6.—Five persons, all members of a pleasure party from the Florida Methodist college at Sutherland, were drowned near Anclote Lighthouse Wednesday night. The dead are: Mrs. Walker, wife of the president of the college; Miss O'Connor, of Atlanta; Miss Slaughter, of Sutherland; Miss McCray, of Sutherland; Mr. Bouland, of Sutherland.

President Walker and Miss Newton reached the beach alive. The bodies of Mrs. Walker and Miss O'Connor have not yet been recovered. The bodies of the other three who lost their lives were washed ashore and recovered.

President Walker had taken the party out for a cruise to the lighthouse, but met with rough water and the boat was overturned in the gulf.

The Florida Methodist college is located at Sutherland, on the west coast of the gulf about 30 miles from Tampa.

Tustin, Mich., April 6.—The three children of Mr. and Mrs. Robert Holmes, Laura, aged 13; Hazel, aged 11, and Wendell, aged 9 years, residing three miles southwest of Tustin, were drowned in a large pond less than 40 rods back of their home Tuesday. The pond was covered with a thin coat of ice on which the children ventured. They sank together in 13 feet of water. When the bodies were recovered two hours later the children's hands were still tightly clasped.

HISTORIC OAK SAPLING.

It Will Be Planted in the White House Grounds Next Thursday.

Washington, April 6.—An historic oak sapling will be planted in the white house grounds next Thursday. Secretary Hitchcock will supply the tree and in connection with it Tuesday told the president a pretty story.

Many years ago Charles Sumner sent to the czar of Russia some acorns from a stately oak which overhangs the tomb of Washington at Mount Vernon. The czar caused the acorns to be planted in the grounds of the Peterhof palace in St. Petersburg. One of the acorns grew into a magnificent oak which yet stands in the palace grounds.

While in St. Petersburg in 1898 as the United States ambassador to Russia Mr. Hitchcock collected a handful of acorns from the historic offering of the Mount Vernon oak, sent them to this country and has them planted in the grounds at his Missouri home. Some of them developed into fine saplings and it is one of them that is to be planted in the white house grounds on Thursday. The planting, which is to be done at the instance of President Roosevelt, will be without ceremony.

PLACKE-M'COY FIGHT.

The Former Was Knocked Out in Less Than Four Minutes.

Philadelphia, April 6.—Herr Placke, the champion of Holland, made a sorry spectacle of himself Tuesday night in a fight with Kid McCoy at the Lenox club. Standing six inches taller and weighing over 70 pounds more than his pale faced opponent, he was beaten almost insensibly in less than four minutes. Placke never laid a glove on McCoy except when the men clinched, and the cool, calculating McCoy darted in and out and around his burly opponent almost like lightning. He would feint with his right and then drive his left to the face viciously, scarcely ever failing to bring the blood. Before the first round ended Placke was covered with blood from his neck to his waist and both eyes were almost closed.

Gov. Vardaman Will Protect the Negro From Mob Violence.

Jackson, Miss., April 6.—"I will spend every dollar at my command but what I will give that Negro a fair trial." This from Gov. Vardaman Tuesday afternoon in regard to the Negro Baldwin, who was carried to Sumner, Tallahatchee county, under military escort to prevent lynching Tuesday.

It is not believed the Negro will be mobbed. The governor stated late Tuesday afternoon that all was quiet at Sumner.

The Fine Arts Jury.

St. Louis, April 6.—The final session of the national jury of selection of fine arts for the World's fair was opened here Tuesday. The jury will pass on nearly 1,100 offerings, consisting of 780 oil paintings and 300 other works in architecture, sculpture and applied arts.

Mayor Rose Re-Elected.

Milwaukee, Wis., April 6.—Mayor David S. Rose, democrat, carried the city municipal election Tuesday, having a plurality of 5,912 over Roy D. Goff, republican. Victor L. Berger, social democrat, ran over 2,000 votes behind Goff.

The Miners' Vote in Michigan.

Saginaw, Mich., April 6.—The result of the vote taken Tuesday in the various localities of the Michigan district of the United Mine Workers of America, shows that the proposition of the operators won by a large majority.

SOME NOTABLE CHILDREN.

The richest baby in the world is said to be the little son of the late Harold Brown, of Providence, R. I. The death, within a few days of each other, of his father and his uncle, left this youngster the possessor of a fortune which is estimated at between \$40,000,000 and \$50,000,000.

The youngest general in the world is Sultan Ahmed Mirza, youngest son of the late Shah of Persia and brother of the present shah. He was born in 1891 and is, therefore, only 13; but he is a full general in the Persian army and has a regular staff. He holds reviews of the troops and plays soldier with an army corps for a plaything.

The youngest king in the world is Sultan Ahmed Mirza, youngest son of the late Shah of Persia and brother of the present shah. He holds his court seated on a scarlet throne with a leopard skin mat under his feet, and bearing in his hand a toy gun. The British exercise a protectorate over the young king and his kingdom, and have established for him a sort of parliament, which he opens regularly with much pomp.

The youngest professional organist in the world is Kathleen Mills, who presides over the great organ in the Catholic church at Ongar, Essex, England. The regular organist falling ill, little Miss Mills took her place and played for several Sundays with such skill on the instrument that all the people were astonished when they found out that a child of 11 years was presiding over the keys and stops.

NOTES OF THE RAILWAYS.

In order to get at the grain raised in Lee county, Ill., the Chicago & Northwestern railroad has contributed \$1,600 to help the farmers of that section build a good turnpike.

Experiments made by the scientists appointed for the purpose by the French government show that the resistance of the atmosphere to the motion of a high-speed train often amounts to half the total resistance which the locomotive must overcome.

It is apparently the intention of the Turkish government to nationalize, as far as possible, all railways in the Ottoman dominions. Foreigners may be needed to initiate operations, but ultimately Constantinople hopes to assume undivided control.

The Southern railway proposes to furnish to engineers and conductors annual passes of the road on the basis of service. Those who have been five years in the service are to be given annuals, good over the division on which they are employed; those having ten years to the credit are to receive annuals good over the entire line, and the wives of those who have served 15 years will be included in the privilege.

THE INDUSTRIAL WORLD.

Hamburg's ocean traffic has grown from 7,798 vessels in 1885 to 14,073 in 1903.

On account of the depressed condition of the salmon market, many canneries in Alaska will not be operated this year.

Much use is made in the vineyards of Algeria of sulphate of copper; more than 20 tons were imported last year from the United States.

Siberia exports about \$15,000,000 worth of butter a year. The milk is very rich, only about 20 pounds being needed for a pound of butter, as against 28 in Denmark.

The Russian government intends to distribute next year a sum of over \$150,000 as a subsidy to private steamers on the rivers Amur, Petchora and Lena, and their affluents, and on Lake Baikal, for the transportation of mail matter at regular intervals.

FUN ON A STREET CAR.

And This Nonsense Was Heard in the Sedate and Sensible City of Philadelphia.

On a Walnut street car the other day, says the Philadelphia Record, two women who evidently knew each other but slightly struck up this conversation: "Why, Mrs. Brown? How d'ye do?" "How d'ye do, Mrs. Green? I wasn't sure it was you at first." "Yes, it's me, all right. How's Mr. Brown?" "Oh, he's all right. How's the children?" "They're all right. How's yours?" "They're all right."

There was a slight pause, as though neither knew what to say next. Suddenly one had an inspiration. She giggled a minute and then said: "Say, my husband asked me the other day what your first name was, and to save my soul I couldn't tell him. What is it?" "Then it was the other woman's turn to giggle. 'Well, it's Allie,' she said. 'Allie? How do you spell it?' 'Oh, it's an easy name. M-I-L-L-I-E-E-N-T.' 'Well, you can't never say you ain't got a cent to your name, can you?'"

A scream of laughter followed this witty remark, and they began to slap each on the wrist.

His Signature.

"Charming! Exquisite! Perfectly delightful!" she exclaimed, peering through her stargazer at the young artist's latest picture.

"I am glad you like it," he said, with becoming modesty. "Like it? Could anybody help liking it? So original! That queer little animal with the funny long legs in the right hand foreground! What a delicious conceit! How can you imagine such impossible things, Mr. D'Aubois?"

"Um—er—you mean this?" he asked, pointing to the strange thing in the lower corner.

"Er—of course."

"Er—uh—that is my signature, madam."—Brooklyn Eagle.

Tess—"Well, their engagement is off." Jess—"The idea! It was only announced yesterday. What did they quarrel about?" Tess—"As to which they were more unworthy of the other."—Philadelphia Press.

A VENERABLE PASTOR CURED BY PE-RU-NA.

Pe-ru-na is a Catarrhal Tonic Especially Adapted to the Declining Powers of Old Age.

In old age the mucous membranes become thickened and partly lose their function.

This leads to partial loss of hearing, smell and taste, as well as digestive disturbances.

Pe-ru-na corrects all this by its specific operation on all the mucous membranes of the body.

One bottle will convince anyone. Once used and Pe-ru-na becomes a life-long stand-by with old and young.

Strong and Vigorous at the Age of Eighty-eight.

Rev. J. N. Parker, Utica, N. Y., writes:

"In June, 1901, I lost my sense of hearing entirely. My hearing had been somewhat impaired for several years, but not so much affected but that I could hold converse with my friends; but in June, 1901, my sense of hearing left me so that I could hear no sound whatever. I was also troubled with rheumatic pains in my limbs. I commenced taking Pe-ru-na and now my hearing is restored as good as it was prior to June, 1901. My rheumatic pains are all gone. I cannot speak too highly of Pe-ru-na, and now when 88 years old can say it has invigorated my whole system. I cannot but think, dear Doctor, that you must feel very thankful to the all-loving Father that you have been permitted to live, and by your skill be such a blessing as you have been to suffering humanity."—Rev. J. N. Parker.

A Bishop's Letter.

T. H. Lomax, D. D., Bishop 2nd Dist. A. M. E. of Charlotte, N. C., writes:

"I recommend your Pe-ru-na to all who want a strengthening tonic and a very effective remedy for all catarrhal complaints."—T. H. Lomax.

If you do not receive prompt and satisfactory results from the use of Pe-ru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

The spring is the best time to treat catarrh. Nature renews herself every spring. The system is rejuvenated by spring weather.

This renders medicines more effective. A short course of Pe-ru-na, assisted by the balmy air of spring, will cure old, stubborn cases of catarrh that have resisted treatment for years. Everybody should have a copy of Dr. Hartman's latest book on catarrh. Address The Pe-ru-na Medicine Co., Columbus, Ohio.
